Landscape Questionnaire

Thank you for considering Behmerwald Nursery for your landscaping. In order to better help you with your project please answer as much of this questionnaire as possible. This information will help assess your needs and help us create a landscape that is customized for you.

1. When would you like to start this project? _____
2. Would you like Behmerwald Nursery to install the landscape or just do the design?
Design and Install _____ Design Only _____
3. If design only, who will be doing the installation? _____
4. What areas of your property do you want to work on? _____
5. We not only want to prepare a proposal that you love but one that you can afford. We therefore need to consider your budget as we design. Have you considered a budget? \$ _____
6. Would you consider doing the work in stages to keep on budget? Yes No
7. Or would you prefer to do a less elaborate landscape in all areas? Yes No
8. Have you considered an irrigation system? Yes No
9. Would you like information on landscape lighting? Yes No
10. Are you having other contractors prepare proposals? Yes No
11. Were you referred by an existing customer? Yes No If yes, who? _____
12. Can you provide us with an accurate plot plan that shows the foundation of your house? Yes No

What aspects of your current landscape do you like and dislike?

What have you liked at public gardens, neighbors' houses, or commercial landscapes?

Curb appeal is very important, especially if you are considering selling your home in the future. In your opinion, how does your house measure up?

How do you want to use your outdoor areas? (For example: Entertaining, Children's play, Vegetable gardening, Sunbathing, etc.)

Do you have any future plans for additions to your house or property? (Pool? Shed? Garage?)

Do you enjoy gardening? How involved do you want to be in the maintenance of your landscape?

When designing your landscape we need to consider the location of existing utilities. Do you know where your utilities are located? If the work is to be done the utilities will need to be marked by PA One Call. This service will only mark the public utilities. Do you have any other buried items? (For example: Dog fence, pool lines, lamp posts, landscape lighting, irrigation, septic systems, or anything else). If yes, you will need to mark them accurately in order for us to avoid damaging them.
